The Lightweight Nesting Aluminum Core Box [©]

KOREBAUX™

Ground-breaking Core Box Innovation

FEATURES:

- Moisture Resistant
- Termite Resistant
- Lightweight
Aluminum-1.05 kg
- Weight is 1/3 of conventional core boxes
- Volume is 1/5 of conventional core boxes
- Stackable
- Recyclable

WHY USE KOREBAUX™?

KOREBAUX™ is the ultimate innovation in core box racks. Its lightweight and corrosion resistant aluminum design is set to revolutionize the mining industry by lowering costs and at the same time, improving quality, transportation, storage and lifespan needs.

IMEXKO is a specialist manufacturer of core box racks and tray systems. We are the makers of KOREX™ and now the ground-breaking new KOREBAUX™ technology.

SAVE ON TRANSPORT COSTS!
